

Kabarak University International Conference on Computing and Information Systems 2019

Monday 14 October 2019 - Tuesday 15 October 2019

KLAW - Conference Center

Scientific Programme

Artificial Intelligence Advances and Applications for Development

Machine Learning, Deep Learning, Computer Vision, Robotics, Neural Networks, Evolutionary Computing, Expert Systems, Speech Processing, Natural Language Processing,

Emerging Threats and Practices in Information Security

Practices and Challenges in the Development and Use of Information Systems

Emerging and Cross Cutting Issues in Computing and Information Systems.
